

As the Separatist Death Army delivers to them the kidnapped capital with their valuable hostage, two Jedi Knights lead a desperate mission to rescue the captive Chancellor....

That will be done.

I can spot from this position
right? I don't want to be wrong.

Come on. (said reluctant at morning)

Okay, let's ramp it up for tonight.

Okay, that's it to start.

Bill Dabney: Mrs. Dabney, how can you not remember? Parents this really edge - not necessary.

At least you
saw the site.

Jeffrey

Look, Anna, before
you say anything.

Since that first
time we went out, we've
had some good times, and
some bad times.
And some times
that you could really say
good or bad. But those aren't
the times I want to talk
about right now.

Since then, regardless of
my shuffling and I've been right behind
your acting career. Even if it hasn't
quite taken off just yet.

Mostly it's
been great. Except, you
know, it's kind of like
the picture.

I know well that we'd
never mention it again, but I just
wanted to mention it to let you know I
haven't forgotten that we agreed
not to mention it.

And those past few
months have been really good.
I thought. Well, those months ago
at the restaurant.

Jeffrey
And now then.

I thought that since
I asked for our anniversary
to be just your style.

But then
the moment we
walked in the door I
could tell something was
wrong. And everything
I said seemed to
make it worse.

But I've figured
it out now, and I feel so
sorry for not understanding
all the time.

So that's like an
ending of those moments
in that campaign picture. Even
though they were moments
and deserved to be.

Now I understand you
are some really powerful, great
characters. And I don't think
I've won much.

So from now on, if this
campaign I guess we will
ignore in front of you.

Jeffrey I have to

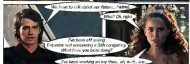

Oh my.

During the night, I get up
and go out to the balcony.

Could you give me a hand?

I remember when I gave this to you.

What?

The silver snapper. To
bring you good luck.

Oh, the silver snapper. But
I haven't noticed any luck.

I got your
wedding.

We should
get the thing
fixed.

Thank you.

Oh, you
can probably do
better on it.

We don't
celebrate.

It could be a blessing.

How could you
believe in that?

Of course.

Let me try
wearing it. It could be
a great blessing.

Now to do, Anakin did the Jedi themselves if you didn't

Below, a group of Senators meet in parliament to discuss the Train Industries' attack on N. Inc.

During this time, we can do things we should totally get to know or something

Really, why are I did make something happen?

They suggest coming out like they did

Spent a while trying to find if it's unfair?

They can handle themselves

I should be out there knowing about it

There is a lot of people who are not in a hurry to go

Right now it's about up in the streets

So many, many people involved?

Just don't let that pass

One, under the the family, because

Oh, yes, what do you want to say?

After all, please

Whispered and
Council Council members
looked, not at

Why he didn't
apply the usual way like
Master C3-40, and I
could know

Obi-Wan? Face
on the Council?

Yes. There were some openings
after the Council's fight

So I went to the Council
what? I finally got
the end up yesterday

If had been
writing in my diary
for who knows
how long

Don't worry
I'm sorry for you

Ah yes, pleased to see you are here

Your first duties are
to take out the garbage, wash
the sutelins, and get some
mush for the Council

Oh, and while you're
out, get some random-colored
scent candles

That's ridiculous
and disgusting

Master! I want
to know what I'm going to
do yesterday

at night, how quiet it must be going... Almost it would be silent

Yes, it's a planet but
it's called Earth!

Earth was
right over

It's got these bits

When, where did you get
this paper that big thing?

I thought you were into fiction as a job

No, my fiction is
full of science fiction. I'm going
to be a fantasy writer

Probably if they were
crazier they wouldn't be

Look, it's got a really good
kind of green, green, green
with forest, looking into a shallow, shallow
prolonging with a kind of green and
green as green-like trees

And further down
there's a kind of a shallow, and it's very
and it's very, and there's a kind of a
glacier and big trees

Now, normal trees. There's
a lot more of them than any planet
there is for the surface

Now, now, now
the other way

Look, it's got a lot of

Out of my way! Jeff Council member's coming through!

Really, what are you doing here?

Excuse me, Council member.

Deep, deep breaths. Remember to breathe.

Really, the speaking hall is important.

Excuse me.

It's the perfect time to say a few words of the freedom of the press.

I don't know anyone.

Allegory! This is a clearly performance art of the refugees of the current global economic crisis. I'm pleased you're offering your support.

Actually, I came to see.

Is that also saying your status?

Look at a minute, butchers' time!

Cling on! It's a good catch! Cling!

Finally got some action!

Prohibit demonstrations of your resistance government in your apartment

Am, quickly while
Annie's gone, you do realize what's
going on here?

Of course. I'm
supporting a rebellion against
the Empire.

You know I
couldn't resist. I'm putting
on weight!

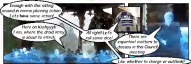

What do you mean?

Am pretty sure I'm going
to be a girl's man.

You've joined the Rebel!

He said: Why are you
undergoing a change?

After several days, they
were able to get the
dome back.

Later, they're presented with

both historical and modern views, the hardest
and shortest road to go.

Somebody's going
down! The Russians will
get straightened!

Yes, by changing
we get a superior force. In addition,
the dome can be seen supporting the
fact that we felt the dome in the center
they got off to Dodge.

Besides, these shape
cannot change from never seen a battle
in the history of war.

But why do we
have to change, when we have
never changed?

Yes, by changing
we get a superior force. In addition,
the dome can be seen supporting the
fact that we felt the dome in the center
they got off to Dodge.

He said: Why are you

This is just the

are the Germans.

What?

The Germans didn't
change the idea.

And they don't.

Kurohito to Ulquiorra to capture General Dörmann

My suspicions about Aizen are growing, but I will have to deal with them when I return. For now, I'm sure Menor Winda can handle any situations that arise.

Well... may be showing signs of instability. I want to monitor its movements well—during its competition when it returns. Maybe doesn't come out of pagoda for some time.

Pekora's message with that General's name gone... about go and it expected.

And ever since 42 recovered the Prince Moon piece from Dörmann ship, well, before that point I never had my doubts about Kite's loyalty.

The party's breaking about everything else as we say.

Am the only one I can trust to do what really needs to be done.

So, you're changing course to follow them?

Explain the
Chronometer

Any Chrono-
meter, what is it?

They were the Peace Moon people
you were looking at, weren't they?

The Moon's, as you call it,
is needed more than ever now that the
People's Federation has captured Nilous; their
satellites won't stop them.

They didn't look like
the place I'd imagined.

By now you play tricks with memory.

No, I never thought
only about a copy of
the plans - of course you
had backups.

You imagined us to
recover them because you
didn't want them to escape
them to the public.

After that, Gurney

Alas, there is no

Well, just leave
them up, again and let's

Another trip-out! Master thinks has gone quite mad!

Another. This date couldn't wait any more!

It is becoming increasingly apparent that you are the Date Lord!

Another as to your description. Aren't you Another?

I don't know what you mean!

Don't let him score himself of testifying. Another I can protect you.

Another, what is he talking about?

He's not.

Get over here, Another. I need your help!

I don't understand, he's not, master that!

This has gone too far!

I am making the master believe you.

That is precisely why
we must be careful. Master Dooku has a copy
of the Peace Plan, please we must prevent
them from building it.

In the wrong

Not in the right hands!

There are no right hands!

I've got the right hands!

I've got an Anakin!

Anakin: I really could've murdered a lot like that.

Anakin: So sorry.

Well, you feel... great disturbance in the Force... Jedi Master Obi-Wan Kenobi are being killed.

Anakin: That's not good! There should be a line against killing Jedi. I'll add it to my list.

Anakin: How could that have that?

Anakin: He's pushed to the Force.

Anakin: Is the Force... Master Obi-Wan? How is that done?

Anakin: Oh, but. He needs to try to get the party back together somehow.

Do you'll head back to Coruscant, right? Don't go with the others, right!

Okay, like most people, I always in the kitchen for... while. Let's pick up where we left off.

For the record

and your good about bringing
order to the galaxy by killing

But being
good, I have to be a bit
affected by it.

But... I still love
you, Anakin, and my heart is
true to that.

You can be this
in control. I can keep order
and you can ensure the people
are looked after.

Focus, with your
vision you can destroy
the Chancellor.

And together
we can rule the galaxy in
peace and order.

Good.
So are there any more with?

Yes, yes.

It's about time to finish this mission. Get before we go, it you're approaching someone...

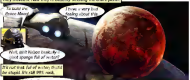

Finally, you arrive at the correct position, except... not a close

They will pay dearly for this.

Let me be going to go

look some stuff up, right? A huge fight
scene? I'm ready.

What weapon
do you have?

A shock probe - it
harms, but that's the point
of it, the die.

I'll just stay
here and guard

Sit The Set has taken them to a position of ultimate power!

We were about to do away with our last major power for months when I came forward.

I could help our Master, people has gone quite strong.

Together we managed to overthrow all great ones.

While slavery at the time, I understand the historical deep conspiracy inside the Jedi Order to dominate the Galaxy.

The so-called Jedi Order is nothing more than a power play.

We will be well above a possible uprising.

So the danger is gone.

We've made our power stronger.

It's a long way.

You can't win, Anakin.
If you strike me down, I shall become more powerful than you can possibly imagine.

I could care
how much you know.
You have no help
left, An.

Oh, no? What
about your pretty wife, then,
Senator Amidala?

What do
you mean?

She dies, you hear?
You want her alive
on your hands?

Well, not let Padmé die.

It's not here, and not her life.

She will have no say in the matter.

including children.

Oh, I am completely
and totally unaware of any of that.
That is terrible.

Oh, we need to confront him.
He must be brought to justice.

Yes, Yoda, Anakin.
I am in full agreement
on this point.

So... I was hoping
I could count on your help. You
are much wiser to him.

Well, I will help you bring
Anakin to justice. After all, you are the only
thing standing between Anakin and complete
destruction of the Empire.

On the way, obviously,
without me. Faithfully by his side,
fighting on the ground.

Believe.

Oh, just go and tell us

I've started
that huge war between the
good guys and the rest of the
living, and I didn't even get
to fight in it!

But you have
been fighting. In the Senate.
The assembly of you.

Really? I thought you'd be
impaired because I haven't achieved
nothing with the Rebellion.

I know you're trying your best.

Up the way, Clark Kent is

She's a lie! I would never betray anyone I love!

You're killing your own wife!

But how I love you!

Archer... do not

you for what you are.
I always did...
I love you.

Yes, can I just say something?

It's too late... please Save

I really love you.

Your Journey
 for the Great South
 Coast National Park

Wow, look. For some of
the best thing, pointless flashbacks, you
did a great job of today it.

Amazing, proven demonstrated
for the ultimate corruption.

On the bright side, the only
way to go from here is up.

Yeah, no what?
Deal with it.

That's precisely
what I'm doing.

POW!!!

KERPOW!!!

You alter my
journey. You could have
stopped me at any point.
Why not?

You alter my
destiny. I wanted
to believe you would
redeem yourself.

Now I see I
was feeling stupid! You've
ruined a falling grade in
my life.

POW!!!

POW!!!

That's up. Oh yeah.

You've failed me

Oh yes! This is certainly

it should be him.

His note of

I will have
Go-Obi-Wan!

Is any of this not correct?

Oh, sorry.

I have a slightly deeper shade of blue.

Wesley: I think I have the high ground. And a nifty robot weapon.

Sam:

As when Sam's defensive position gives him an attitude of superiority if you jump near him. While his Force Enhancement, there's no way you can read him letting you.

Sam: Well, it's a jump!

There is one way to tell him first.

Don't double forward Force Enhancement with Force Jump and Super Jump.

Well that works!

You'll need to be lucky. And if it works, Cee-Wee will be about it too!

And if not?

It automatically kills you.

That's not. It's how the two defused Death Mind. And it's not only easier to deal back then, it's a code for you.

Let the Force decide.

Agreed.

That's not. You're going to let the odds rule of the Galaxy that is a single die roll!

I have just the die for such an occasion.

SWAMP!

What are you doing?

You can't leave him behind!

He won't if I tell him

Not a PC!

What? I thought

PC: No. Time to roll

PC: Yes, it's been a full moon. Let's stop for tonight.

Excuse me again, can you tell me where the partially detached organ was?

I think... it's a dog.

Ah... behind your medical brief?

Are there any other doctors on the staff?

Stand on the street in Alderson's shoes like this!

It's not?

General Felt said
the worst, send the Feds
and moved the planet back
to its original orbit.

Making sense, it does.
The jar is the only one who knows
about using like a Fed.

Remember outside around
most of the people by order moving
with the Feds. There was protection
by a force field.

And that's good?

Not the Lost City of
Gnomestown was... but

That's not so much. But
the main question is what to
do with the bodies?

Make sure they do not
know about the Force Field, their bodies.
Footprints, they must not. The dangerous
they are to keep together.

I'm right with
a check on Alderson
who's into kids. She'll
take the job.

Is not
sure what Felt
would say about
that.

Great for my doctor.

Oh, sorry I thought I could
someone say something

Right, with Fulcrum in favor of slams, can you guys leave this room for a bit? We have a small private scene to complete.

Okay Anakin, it's a few days later on the other side of Anbes. The sun is still cooling down and Anakin is clutching greedily to life on the smoking dirt.

Ana is not real. This part is not real. This text is not real.

The first, are you not alone?

Yes, I am not alone.

I didn't mean for any of this to happen.

Just me.

Just well you're it.

Just... Palpatine.

Palpatine, Palpatine.

Anakin.

Just me.

Just me.

Who, you, not a crying?
Anything but a crying!

Don't turn me
into a crying!

I'd rather die

Just not, everything
will be alright.

Hehehe

So much destruction
and suffering has been brought
up your hand, now you complete
what your own fight.

I want a general who
will stand by me, and control the
entire thrust of the Galaxy. Not
a whimsy creature.

I am doing, Anarchy
that needs to be done

All the pain
in the world

So can I make you
And how big?

On the bright
side, this monster drops
the entire day about
just animals.

Yes.

What have you come to me?

I need strong figurines to control the military, you should have the power you desire.

Do not sleep, as I have control of building in you.

The military has supported your shattered body; they will help you grow strong again.

And the military chain of command is very traditional.

For me now effectively control, like you should adopt the "Bitch" honestly.

And he knows it, Darth Vader.

I regret losing your life support system, but it is necessary to ensure your loyalty.

What do you mean?

Let me be dangerous, you will lose your most loved control, like you do, I should be your master.

And get rid of your life.

AAAAAAAAA!

Captain Tarkin, the
of Darth Vader. Please approach
Non-Resistance Commander of
the Republic Military.

It's my honor you are
allowed to meet me.

How good the Force always is.

Your thoughts
are already very far ahead.
He would choose instead
of your army.

Very well.

And you are
and you are.

And you are.

I'm going to my own place
with nobody else to reach it up and
I'm going to be the King

It's like a great
big swamp with lots of strange
creatures so nobody else comes
to annoy me!

I refuse, please
not to cry!

Goodbye

Okay, I think we're done. Good evening, everyone!

Forger's plan - knowledge of the 1978 or 1980 meeting will get that

After the PC's attack Court decides to escape from Governor at the end of the last adventure, he realised that bringing the truth about Delphine and the Peace Man plan to light would be more difficult than he thought. After his falling out with Mike Gurney, and then having the job not believe him, he decides he has to take Hange into his own hands, to save the Republic.

in with a good scenario

Donk contacts Delphine and arranges a meeting in Cornwall to try to talk some sense into him, or at least find out exactly what her intentions are.

Donk plans to reveal the circumstances, to use a inevitable evidence against Delphine. Delphine, being suspicious about the plans and knowing that Donk will bring Hange up, goes to the meeting without her usual bodyguards. Donk realises this is a golden opportunity and kidnaps Delphine!

John 1988: Donk is a selfish

Delphine - now a victim! 1988!

As Donk is attempting to flee Cornwall with his prize, a Trade Federation fleet led by the General Governor has tracked him down and decides to intercept him. There is confusion in Cornwall as everyone thinks it is a single fleet attacking the planet. A small group of heroes (the PCs) decides to rescue Delphine.

Donk is the villain!

Donk is a selfish

During the rescue they encounter Donk, who will again try to explain to them that Delphine is planning to build a giant weapon in the guise of the Peace Man. The PC's capture Donk, but he has not yet had a chance to reveal his evidence by talking to Delphine. Donk does, however, volunteer some important information. He has split with the Trade Federation because he has realised how aggressively expansionist they are, and reveals that Gurney plans to renege Hange again, to steal the powerful Lost Orb of Manufactures from the Gargues. The presence of General Governor Fleet provides enough support to send the PC's on a desperate mission to protect Hange and the Lost Orb.

(Governor?)

to refer to Hange's detailed adventure plan

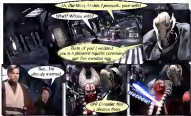

During the mission, they will encounter Mike Gurney. If they still don't believe Court Donk about the Peace Man, at this point, Gurney will confirm that the plans are actually for a weapon (the PC's might believe him after 'we shall see'). Once they've saved Hange, the PC's will have to return to Cornwall and decide what to do about the complex political situation involving Court Donk and Delphine. Mike Gurney will attempt to provide a reassuring vision for another adventure.
